About Elpida Memory, Inc.

Elpida Memory, Inc., (Tokyo Stock Exchange Code 6665), is a leading manufacturer of Dynamic Random Access Memory (DRAM) silicon chips. Our design, manufacturing, and sales operations are backed by our world class technology expertise. Our manufacturing facilities, Hiroshima Elpida Memory, Inc. (front-end processes) and Akita Elpida Memory, Inc. (back-end processes), utilize the most advanced manufacturing technologies available in the industry. Further, we have customer sales and marketing support offices in Japan, North America, Europe, Taiwan and Singapore including our new location servicing Shanghai China. Elpida's portfolio of advanced products features such characteristics as high-density, high-speed, low power and small packing profiles. We provide applications across a wide range of areas, including high-end servers, mobile phones and digital consumer electronics.
